The Mason Cash Innovative Kitchen range delivers smart solutions for day-to-day kitchen needs. Each item within the range has a traditional function with a modern twist that brings either dual function or improved performance. As part of this collection, the brand has introduced storage, food preparation tools and ovenware classics.

Mason Cash ovenware features precision engineered stoneware lasagne, pie and quiche dishes, as well as a terracotta bread form and baking stone. Stoneware and terracotta heat up gradually to give an even bake, and all ovenware items incorporate vented bases and steep sites to give perfect heat distribution. The shape and dimension of the baking stone allows it to cover a mixing bowl to make it perfect for proving dough, giving it a 2-in-1 environmentally friendly function.
